

THE NEW LOGIC OF LEARNING

logitech®

EMPOWERING HIGHER EDUCATION

For over 40 years, Logitech has been developing tools that deliver new levels of productivity, connection, and collaboration. Our solutions support a connected ecosystem of modern teaching, learning, and working environments.

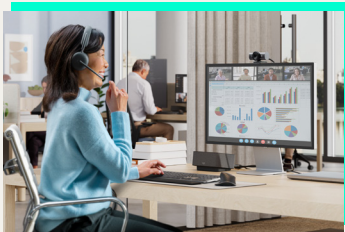

HYFLEX LEARNING ENVIRONMENTS

Whether for a dynamic classroom discussion or a captivating presentation in a hall, Logitech solutions for education elevate every learning space to new heights of connectivity and collaboration.

MEETING ROOMS

Logitech redefines campus meeting spaces, transforming them into hubs of innovation and collaboration, where ideas flow freely and decisions are made with clarity and confidence.

ADMINISTRATION

Facilitate smooth interactions with students and faculty, streamline administrative tasks, optimize workflow, and deliver exceptional service to the campus community.

GROUP STUDY SPACES

Logitech's suite of peripherals transforms the resource center into a hub of productivity and collaboration, empowering students and staff to excel in their academic endeavors.
